URGENT - Fall Musical Preparation

During the days leading to the fall musical, help is needed in the following ways.

- *Sewing, mending, altering costumes
- *Building set pieces (it would help if parents have their own tools). The theatre department has basic tools but no electric saws or specialty tools.
- *People willing to help locate props at thrift shops, Goodwill, Salvation Army (shoes, costume items, etc).
- *People to create, build, or paint set pieces.
- *Help with the advertisement of play (graphic arts, computer graphics, or art background would be great).
- *People to help with meal pick-up, distribution, and cleanup.
- *Parent to organize others to bring snacks for tech week practices or long practices before tech week.
- *Parent to oversee concessions/picking up concessions/getting workers.
