Investing your time and talent at Brentwood Christian School has a wonderful and positive impact on all of our children. It also helps us to continue to keep tuition low while maintaining educational excellence in a Christian environment. Please select several of the activities below to fulfill your suggested parent involvement of **20 hours per family or 10 hours per single-parent family, per school year (for teachers of BCS students, 6 hours per family or 3 hours per single-parent family)**. If you have a strong preference for a particular activity, please make a special note and every effort will be made to accommodate your request. Your name will be submitted to the coordinators of each activity, who will give you a call as their needs arise. The list below does not include every possible volunteer opportunity. **If you are unable to assist this year, please note the Financial Donation required at the bottom and make a payment to the school office.**
